Date :2010-01-01. This book is different from the common market. money management books. It focuses on financial investment books to make up for now. the lack of a more balanced view of the health of wealth. The authors believe that the current Chinese financial market. the primary problem is to clear the right direction. followed by professional practice operations. Direction of the natural fear way away. Author of fifteen years to use their wealth of financial management practice and concluded. for the readers to provide a forward-looking financial new thinking. Especially in risk planning. it is very close to the market demand. By long-term in-depth market line. and invited a number of popular media and financial literacy across the country. Seen and heard. to have realized both with each record stopped working. eventually falling into this book. In the book. the authors based on the great times of change. thinking in the social transition. people s values ??and wealth swing. dislocation of the deep-seated reasons. Try the Chinese traditional culture and...
