FINANCIAL PLANNING STRATEGIES: LIFT OFF TO A SUCCESSFUL FINANCIAL LIFE (PAPERBACK)

Outskirts Press, United States, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Husbands and wives, college students, blue collar workers and businesses are all crunching numbers to make every dollar count and trim fat for the monthly budget. Financial Planning Strategies is a must read book because it covers it all from the cradle to the grave. It has up-to-date options for investing and saving for college education as well as how and what to insure. It is an easy read for professionals and lay people; or young and for old. Make this a priority purchase before the day is over. Read and act for your own financial security. Many cringe over the mere word budget. College is more than deciding what subjects are appealing. A college education should be directly tuned into a desirable career or a plausible one. Investments can be tricky and risky or they can be safe and beneficial. Each person has to decide on how much risk he or she...
