Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.In most years, the Department of Defense (DoD) provides a five-year plan, called the Future Years Defense Program (FYDP), associated with the budget that it submits to the Congress. Because decisions made in the near term can have consequences for the defense budget well beyond that period, the Congressional Budget Office (CBO) regularly examines DoD's FYDP and projects its budgetary impact roughly a decade beyond the period covered by the FYDP. For this analysis, CBO used the FYDP that was provided to the Congress in April 2013; that FYDP spans fiscal years 2014 to 2018, and CBO's projections span the years 2014 to 2028. For fiscal year 2014, DoD requested appropriations totaling \$607 billion. Of that amount, \$527 billion was to fund the base programs that constitute the department's normal activities, such as the development and procurement of weapon systems and the day-to-day operations of the military and civilian workforce. The remaining \$79 billion was requested to pay for what are termed overseas contingency operations (OCO)-the war in Afghanistan and other nonroutine military activities elsewhere. The FYDP describes DoD's plans for its normal activities and therefore generally corresponds to the base budget. DoD's 2014 plans are similar to its 2013 plans. CBO produced two projections of the base-budget costs of DoD's plans (expressed in terms of total obligational authority for each fiscal year) as reflected in the FYDP and other long-term planning documents released by DoD. The CBO projection uses CBO's estimates of the costs of military activities and the extent to which those costs will change over time; those estimates reflect DoD's experience in recent years. For comparison, the...
