Arturo Giamo is a renowned visionary. His pioneering methodology in genetic engineering has established him as the world's foremost expert in his field. It also puts within his grasp the realization of his life's dream: to design children who are not just intelligent beyond imagination, but capable of leading mankind to the next level of evolutionary development, to solve the gravest problems in the world-and usher in an age of lasting unity, peace, and prosperity. With the birth of his son, Luca Romano Giamo, Arturo attains his greatest personal triumph and the crowning achievement for Giamo Infertility Associates-the miraculous birth of the perfect child, his own son. As Luca matures, his fawning mentor, Billings Mason, rises to world renown as a man of faith, able to perform extraordinary miracles. After the mysterious disappearance of the world's Christians, Mason becomes Pope Peter II. As the miracle-working pope draws together world leaders, he consolidates Luca's power, positioning him as a key leader in the new world that dawned at his birth. (1 John 4:3, NASB) Dawn Morris has done extensive research on biblical prophecy for over thirty years and led many studies in what the Bible has to say about the...
