Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1909 Excerpt: .The silver question will be discussed with a view to devising means of bringing about a greater use of silver, and decreasing the rate of exchange between the United States and countries using a silver standard. Moreton Frewen of London, England; James J. Hill, and John Hays Hammond have been invited to speak on this subject. BOOK REVIEWS. Timbering and Mining--W. H. Storms--McGraw-Hill Book Co., New York City, publishers; \$2. Some years ago a little book by this author appeared, published under the auspices of the California State Mining Bureau, with the title, Methods of Timbering. This being a complete innovation in mining literature, and filling a long-felt need, had a rapid circulation, edition after edition being exhausted until it became difficult to get a copy. The little book, moreover, was translated into French, German and other European languages, and had quite a run in the Old World. The present more ambitious volume not only covers methods of timbering, but methods of mine development, with or irrespective of timber. Thus, besides describing in detail timbering from the prospector's stull and crosspiece to the most elaborate system of square sets, it goes on to describe methods of mining large ore bodies of the open-cut and glory-hole system. Methods of stoping and timbering veins and stoping in flat or low-lying veins. Raises connecting-, levels. Stoping and filling in mines with weak walls. The caving system in the Iron Mountain region of Michigan. Stoping swelling ground. Mining at...
